AN 10/085,487 : Examiner: Santiago, Enrique L.  
Filed: 02/27/2002 : Atty's Docket: TD-171  
For: Tile Relative Origin for Plane Equations (confirmation no. 5725)

STATEMENT AND EVIDENCE OF COMMON OWNERSHIP  
REQUIRED BY 35 U.S.C. 103(c)

Honorable Commissioner of Patents and Trademarks  
Alexandria, VA 22313

Sir:

The present application (U.S. Patent Application Publication No. US 2002-0130863 A1, Attorney Docket TD-171) and *Laws et al.* U.S. Patent Application Publication No. US 2003/0128204 A1 (Attorney Docket TD-164) were, at the time the invention of the present application was made, owned by the same company, 3DLabs, Inc.

According 35 U.S.C. 103(c):

*Subject matter developed by another person, which qualifies as prior art only under one or more of subsections (e), (f), and (g) of section 102 of this title, shall not preclude patentability under this section where the subject matter and the claimed invention were, at the time the invention was made, owned by the same person or subject to an obligation of assignment to the same person.*

MPEP 706.02(1)(2), states:

*Applications and references (whether patents, patent applications, patent application publications, etc.) will be considered by the examiner to be owned by, or subject to an obligation of assignment to the same*

*Statement and Evidence of Common Ownership – Serial No. 10/085,487.....Page 1*

*person, at the time the invention was made, if the applicant(s) or an attorney or agent of record makes a statement to the effect that the application and the references were, at the time the invention was made, owned by, or subject to an obligation or assignment to, the same person. ...*

*Applicants may, but are not required to, submit further evidence, such as assignment records, affidavits or declarations by the common owner, or court decisions, in addition to the above-mentioned statement concerning common ownership.*

Both applications, filed within days from one another, arose from a common group of inventors who were all employed by 3DLabs Inc., Ltd., and were all legally obligated to assign their respective inventions to 3DLabs Inc., Ltd., at the time the inventions were made.

This common ownership is further evidenced by the enclosed application cover sheets submitted with the original applications, the assignment documents of both applications that have been filed with the USPTO, as well as the patent assignment abstracts of title from PAIR for both applications. Therefore, it is respectfully requested that *Laws et al.* U.S. Patent Application Publication No. US 2003/0128204 A1 be removed as prior art with respect to the present application under 35 U.S.C. 103(c).

Respectfully submitted,

N. Elizabeth Pham, Reg.No. 49,042
